

## HLTAID015 Provide Advanced Resuscitation and Oxygen Therapy

### COURSE INFORMATION - Units Delivered

- **HLTAID015 - Provide Advanced Resuscitation and Oxygen Therapy**
- **HLTAID009 - Provide cardiopulmonary resuscitation**

It is recommended this unit be renewed every 12 months in line with industry standards.

### About the Course

This Advanced Resuscitation course is delivered in line with the Australian Resuscitation Council guidelines and first aid code of practice and applies to those who may be required to provide first aid, CPR and oxygen in a range of complex situations, including community and workplace settings.

Simulated real-life situations will be used to develop the skills and knowledge for using and maintaining specialised equipment for the provision of first aid, resuscitation, and oxygen therapy.

Instruction on first aid and CPR will be provided, as well as treatments specific to advanced conditions, such as inserting an appropriate basic airway adjunct, using tourniquets and haemostatic dressings for life-threatening bleeding, and administering oxygen safely at the correct flow rate.

The course covers recording casualty condition, conveying incident details, completing workplace incident documentation, and debriefing for recognising areas for improvement, psychological impacts, and seeking help as required.

## Entry Requirements

Participants must have the physical capacity to perform the practical demonstrations such as 2 minutes of uninterrupted CPR on the floor and performing rescue breathing techniques on manikins.

Pre-course study: Students may be required to undertake online pre-course work prior to attending the face to face session depending on the course delivery mode.

Online study: Students must have access to a computer, smartphone, tablet or other electronic devices with access to the internet to complete the online/ pre-course studies.

This course has a **pre-requisite of HLTAID011 Provide First Aid** which must be completed prior to undertaking this unit of competency.

## Course Duration

Course durations can vary for multiple reasons, so the durations below are the ***minimum possible amount***.

- **Face-to-Face** – 6 hours (minimum) face to face course
- **Online delivery with face-to-face assessment** – 3.5 hours (minimum)

## Assessment Requirements

### Performance tasks and Practical scenarios

- Perform CPR on an adult (incl. the use of bag-valve-masks, oxygen equipment, an AED and placing the casualty into the recovery position)
- Perform CPR on an infant
- Manage a casualty with a life-threatening bleed and provide oxygen
- Complete an incident report
- Maintain resuscitation equipment

**Theory assessment** – A written assessment consisting of multiple-choice questions.
